15 March 2006

Mr A Gibbs
P O Box 46
KAPONGA

Dear Mr Gibbs

* I refer to your letter, received 1 March 2006, to the Mayor requesting confirmation of the receipt of files detailing NPDC discharges of IWD wastes at Paritutu and Elliot St during the 1960s and 1970s.

A file search has been undertaken but this has failed to locate the documents you refer to.

Can you supply any further details (e.g. when and to whom the files were delivered to, the number of files involved, the form in which it was presented – folder, ringbinder, bound) which would assist us in the search of our records?

Yours faithfully

Frank Versteeg
ASSISTANT CHIEF EXECUTIVE

30 March 2006

Mr A Gibbs
P O Box 46
KAPONGA

Dear Mr Gibbs

Thank you for your email sent on 20 March responding to my letter of 15 March 2006.

As a result of the additional details supplied by you, the file material has been found. The file on which the material is included also details the sequence of events after the material was received from you by Mrs Patsy Crow (the Mayor's Executive Assistant) at an unscheduled meeting on 7 July 2005.

* The material was copied and forwarded to Mr Lloyd Crow (Manager Enforcement) who subsequently phoned you to discuss your concerns on two separate occasions. During the most recent call (on 25 July 2005) Mr Crow asked you to put down in writing the matters you felt should be addressed by the council. Mr Crow advised that he would then forward such a letter to the Taranaki Regional Council and the Taranaki District Health Board for a response given the past involvement of these bodies in the matters raised and their current and past statutory responsibilities.

Mr Crow advises that to date no such letter has been received from you and consequently no further action has been taken in regard of this matter.

I trust the above confirms the receipt of the information by the council and the council's subsequent response.

Yours faithfully

Frank Versteeg
ASSISTANT CHIEF EXECUTIVE
