LITTLE-KNOWN PUBLICATION GIVES FREE ACCESS TO MANY EPA REPORTS.

No matter what you think of the U.S. Environmental Protection Agency (EPA), you're going to like its Center for Environmental Research Information in Cincinnati, OH. Every three or four months, they publish ORD PUBLICATIONS ANNOUNCEMENT; ORD stands for Office of Research and Development. This 30-page booklet lists recent publications giving results of EPA-funded research. The listed publications are free for the asking: just check off the ones you want, send the form back to Cincinnati and wait a few weeks. (The publications are free as long as the supply lasts, so send your order quickly.) To get on the free mailing list to receive ORD PUBLICATIONS ANNOUNCEMENTS, write to EPA, ORD Publications, P.O. Box 12505, Cincinnati, OH 45212.

The listed publications are often technical in nature, but sprinkled throughout the list you'll find useful titles such as: ASSESSMENT FOR FUTURE ENVIRONMENTAL PROBLEMS--OCEAN DUMPING (EPA/600/S6- 84/001); A PROFILE OF EXISTING HAZARDOUS WASTE INCINERATION FACILITIES AND MANUFACTURERS IN THE UNITED STATES (EPA/600/S2-84/052); PERFORMANCE EVALUATION OF FULL-SCALE HAZARDOUS WASTE INCINERATORS (EPA/600/S2-84/181); LINER MATERIALS EXPOSED TO HAZARDOUS AND TOXIC WASTES (EPA/600/S2-84/169); EVALUATION OF PROCESSED MUNICIPAL WASTES IN LANDFILL CELLS (EPA/600/S2-84/172); ASSESSMENT OF HAZARDOUS WASTE SURFACE IMPOUNDMENT TECHNOLOGY: CASE STUDIES AND PERSPECTIVES OF EXPERTS (EPA/600/S2-84/173); STATE OF THE ART OF AQUIFER RESTORATION (EPA/600/S2-84/182); TEST METHODS FOR DETERMINING THE CHEMICAL WASTE COMPATIBILITY OF SYNTHETIC LINERS (EPA/600/S2-85/030); SETTLEMENT AND COVER SUBSIDENCE OF HAZARDOUS WASTE LANDFILLS (EPA/600/S2-85/034); EVALUATION OF AIR EMISSIONS FROM HAZARDOUS WASTE TREATMENT, STORAGE AND DISPOSAL FACILITIES (EPA/600/S285/057); RESISTANCE OF FLEXIBLE MEMBRANE LINERS TO CHEMICALS AND WASTES

(EPA/600/S2-85/127); UNDERGROUND TANK LEAK DETECTION METHODS: A STATE-OF-THE-ART REVIEW (EPA/600/S2-86/001); PRACTICAL GUIDE: TRIAL BURNS FOR HAZARDOUS WASTE INCINERATORS (EPA/600/S286/050); TECHNICAL RESOURCE DOCUMENT: TREATMENT TECHNOLOGIES FOR DIOXIN CONTAINING WASTES (EPA/600/S2-86/096); CHARACTERIZATION OF STACK EMISSIONS FROM MUNICIPAL REFUSE-TO-ENERGY SYSTEMS (EPA/600/S3-86/055); and on and on.

The titles are not presented in any apparent order, so you will find yourself reading many titles about subjects you do not understand. Persist. Buried in this gray list of big words, you will find a few sparkling jewels in every issue of ORD PUBLICATIONS ANNOUNCEMENTS. The ones we've listed here appeared in the March, 1987 issue; write ORD today or phone (513) 569-7562.

--Peter Montague, Ph.D.
